				2-13- 4	
			Net decrease.	8838- 8- 6	

The net decrease of ₹ 8838-8-6 in -- receipts is attributed to the followin causes:-

(1) In the Chikmagalur taluk during 19-2. a sum of ₹ 1713-8-0 and 226-0-8 being the lease amounts on the Inam lands of arle Sri Chennakesava Devaru and Eswarahalli Sri Lakshminarayana Devaru respectively, was recovered and credited to the credit of the respective institutions whereas there were no realisation under this head during the year under report for the above temples.

(2) The collection during 1919-20 of the lease amount of inam lands endowed to the Sri Venkataramanaswami temple at Hegur and other minor institutions in the Koppa Taluk and the absence of such collections during the year 1920-21 on account of the takrar raised by the former lesseees, which is still under correspondence, chiefly accounts for the decrease during 1920-21.

(3) During the year 1919-20, a sum of R. 5001-4-8 under land revenue and R. 975-8-0 being the upset price on coffee jungle belonging to the Sri Kalaseswaraswami temple was collected whereas only a sum of R. 4271-3-9 under land revenue for the same institution was recovered during 1920-21. Hence the decrease in the Mudigere Taluk.

E X P E N D I T U R E.

The temporary Muzrai Sheristedar has dealt with 47 institutions in the District. Out of these 15 have been classed as minor institutions and the scale of expenditure fixed therefor and Dharmadarsis appointed to supervise their affairs and three have been treated as village institutions as their income is less than Rs 100 per annum. The scale of expenditure will be fixed for the remaining institutions after ascertaining the actual receipts from their inam lands (which have been ordered to be leased out for a definite period as per Government order No.517-25/muz.115-16-8 dated 29th August 1917 as it has turned out in some cases that the actual income is far below the estimated receipts mentioned in the Sheristedar's proposals.

Office of the Deputy Commissioner,
Hassan District,
Dated Camp Mysore, 11th Oct.1921.

From

B.Venkoba Rao, ,Esq., B. A.,
Deputy Commissioner,
Hassan District.

To

T. E. Jayarama Iyer, Esq., B.A/, B.L.,
Secretary to the Government of Mysore,
Muzroi Department,
CAMP MYSORE.

S i r,

With reference to your official memorandum No.49-57/Muz 658-30-2 dated 8th July 1921, requesting me to send the annual Muzroi Administration Report for the year 1920-21 in triplicate, I have the honour to state as follows:-

2. During the year under report there were 1483 institutions in this District of which 15 are major, 133 minor and 1275 village institutions. The major Muzroi institutions at Belur,viz.,Sri Chennakesavaswami Temple was visited by the First Member of Council during the Nov.1920 and by the Third Member of Council during January 1921. In Channarayapatna Taluk, 2 village institutions were classed as minor during the year and action is being taken to fix their scales of income and expenditure. There were no instances of any institutions having been taken over under the direct management of the Government during the year. As reported last year, the ~~matter~~ of the manager of the institution called "Hassan Krishnappa's Coultry" was called upon to vacate the building and he has accordingly vacated ~~the building~~ the Anche house attached to the choultry. As the Chatram was not kept in good order, arrangements

arrangements were being made to resume the lands the choultry for its proper maintenance, to Government.

3. The opening balance of the institutions in the beginning of the year was Rs.1,33,042-14-7 and the income derived during the year was Rs.27,770-3-0. A sum of Rs.21,809-4-11 was expended during the year leaving a balance of Rs.1,38,003-11-8 at the close of the year.

4. During the year under report estimate aggregating to Rs.330 were sanctioned for the repairs of some of the institutions in addition to the incomplete works of the previous years. The total outlay incurred on works during the year under report was Rs.3671-3-8. The delay in the execution of works is attributed to the low rates provided for in the estimates. Consequently revised estimates are under preparation and action will be taken to have all the incomplete works completed early.

5. Again there are many temples in the District that are renowned for their archaeological importance and beauty but no special charges could be incurred towards their repairs,etc., as the funds at their credit are too small. It is desirable that in such cases the State should bear the cost of repairs out of general revenues.

6. Inam lands endowed tothe institutions whose scales of income and expenditure have been fixed were leased out as usual for a period of 5 years. The people under the influence of the temple servants demurred to bid in public auction in the first instance and when they were made to understand that the lease of the Inam lands is for the benefit of the institutions, they came forward freely to take up the lands. In some instances, however, the lands were left in the possession of the temple servants on their agreeing to pay the reserve amount.

7. A sum of Rs.585/- as detailed in the margin was received

was received as endowment fund during the year under report.

Chennakesavaswami temple at Belur. Rs.500 Venkataramanaswami temple at Malekal Tirupati.in the Arsikere Taluk. Rs.85	As all the Pudavat amounts deposited in the treasuries were intended for conducting sevas out of the annual interest accruing from them, it was considered profitable to invest pudavat amounts in the 6½ per cent State Loan of 1920. Accordingly a sum of Rs.6799-8-0 out of the Pudavat funds was invested in the State Loan. Arrangements were being made to invest the balance available in the new 7% war Loan of 1921. The two charities for which endowments were made respectively by Mr.Kalasapur Thammaiah of Belur for the upkeep of a Chatram and feeding arrangements and by Mr.Lakkashettygowda of Kottanghatta continued to work satisfactorily during the year.

8. All the car festivals that were conducted during the previous years were observed this year also, important among them being:-

1. Car festival of Sri Venkataramanaswami at Malekal Tirupati in the Arsikere Taluk. 2. Lakshminarasimhaswami at Holenarasipur. 3. Sri Chennakesavaswami at Belur and 4. Sri Subrahmanyaswami at Ramanathpur in connection with which the cattle show was also held. The car at Belur was in a damaged condition and the wheels of the car were got repaired for the occasion. The Bara Hazaar Santharpane at Subrahmanya in the South Kanara District was conducted as usual. As desired by Government, I was present at Subrahmanya on the occasion of the Bara Hazaar Santharpane and after studying the local conditions, I have submitted a special report with my letter No.484/G1.C.dated 13th May 1921 regarding the curtailment of the expenditure for the Santharpane and the Orders of Government in the matter are awaited.

9. Government in their Order No. G.6045-105/C.M. 194-17-8 dated 14th September 1920 sanctioned a sum of Rs. 300

for the maintenance of ancient monuments and prescribed a form for the annual inspection of such monuments by the Sub Division Officers. The Sub Division Officers have inspected the ancient monuments in their respective Sub Divisions and their reports were forwarded to the Director of Archaeological Researches in Mysore.

10. As per Government Order ordering the determination of Muzrai balances and placing Mr. A.Mrutyunjaya Iyer on special duty for the purpose, every endeavour is being made to provide the special duty Officer with all the required information.

11. During the year under report, I checked the accounts of the Sri Chennakesavaswamy temple at Belur. The Amildar has been directed to recover all the long outstanding arrears.

12. A register of jewels in all the Institutions of this District is being prepared.

13. In conclusion, it may be stated that the working of the Muzrai Department has been satisfactory on the whole during the year under report. As often reported, the pay and prospects of the Muzrai Gumastas has to be improved as the small allowances now being paid to them are not commensurate with the work they have to do. It is desirable that the pay of a Taluk Muzrai Gumasta should be the same as that of a Revenue Gumasta. Proposals in this connection have been sent up as called for to the Muzrai Superintendent with my letter No. 444-30/Glc. dated 10th April 1961 and the same may kindly be sanctioned early.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District.

X. Important Jatras:- The following are the most important jatras in the District:-

1. Kaveri Jatra of Sri Ghorarayaswami Temple at Bheemeshwari, Kanakapura City. The jatra took place on 23rd April 1921. The long standing factious spirit among the Chigalers still continued. The jatra is mostly attended by Chigalers.

2. Sri Subramanyaswami Car Festival at Kabbaldurga in the Kabbaldurga Taluk. Income during the jatra from cattle fees and shop taxes etc., amounted to Rs.[illegible],[illegible]-[illegible]-[illegible] as against Rs.6,[illegible]-7-1 in 1[illegible]-[illegible]. The decrease is attributed to the smaller realisations from fees on cattle and from the stalls, due partly to loss sustained by the contractor last year and partly to the decrease in the number of visitors. The total expenditure under all heads amounted to Rs. -[illegible],[illegible]-7-6. A detailed report was submitted to Government with this office No.[illegible].[illegible]/[illegible] of [illegible]-[illegible] dated 4th April 1[illegible].

3. Sri Ranganathaswami Car festival at Tirumale in the Nagadi Taluk.

The income during the jatra from all sources was Rs.[illegible]93-2-[illegible] and the expenditure was Rs.[illegible]3-3-4. Water facilities and conservancy arrangements had been made.

4. Sri Varasiddhivinayaka Car festival at Uggenahalli in the Nagadi taluk. About 1,[illegible]00 people and 1[illegible],000 cattle collected at the time. The right of collecting fees on cattle was sold by public auction. The total income from all the sources was Rs.[illegible]66-1-6.

5. Rural:- The work in the Rural branch of the Taluk Office is increasing day by day and the necessity for a whole time clerk in each of the taluks is keenly felt by the officers, the need for one in the Bangalore Taluk is very urgent as already reported. The work in the district office Rural cannot be done which, and cannot be efficiently done by the already over-worked Revenue Establishment. Reports have been submitted to Government in this office Nos. [illegible]167 of R-II dated 7th January 1941 and [illegible]72 of R-II dated 20th September 1941.

Office of the Deputy Commissioner,
Hassan District,
Dated Camp Mysore, 11th Oct.1931.

From

B.Venkoba Rao, Esq., B. A.,
Deputy Commissioner,
Hassan District.

To

T. E. Jayarama Iyer, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Muzroi Department,
CAMP MYSORE.

S i r,

With reference to your official Memorandum No.49-57/Muz 658-30-3 dated 8th July 1931, requesting me to send the annual Muzroi Administration Report for the year 1930-31 in triplicate, I have the honour to state as follows:-

2. During the year under report there were 1493 institutions in this District of which 15 are major, 133 minor and 1275 village institutions. The major Muzroi institutions at Belur, viz., Sri Chennakesavaswami Temple was visited by the First Member of Council during Nov.1930 and by the Third Member of Council during January 1931. In Channarayapatna Taluk, 2 village institutions were classed as minor during the year and action is being taken to fix their scales of income and expenditure. There were no instances of any institutions having been taken over under the direct management of the Government during the year. As reported last year, the manager of the institution called "Hosa Kaishinappa Coultry" was called upon to vacate the building and he has accordingly vacated ~~the building,~~ the Anche house attached to the choultry. As the Chatrum was not kept in good order, arrangements

arrangements were being made to resume the lands, endowe the choultry for its proper maintenance, to Government

3. The opening balance of the institutions in the beginning of the year was Rs.1,23,043-14-7 and the income derived during the year was Rs.27,770-2-0. A sum of Rs.21,809-4-11 was expended during the year leaving a balance of Rs.1,28,003-11-8 at the close of the year.

4. During the year under report estimates aggregating to Rs.320 were sanctioned for the repairs of some of the institutions in addition to the incomplete works of the previous years. The total outlay incurred on works during the year under report was Rs.2671-3-8. The delay in the execution of works is attributed to the low rates provided for in the estimates. Consequently revised estimates are under preparation and action will be taken to have all the incomplete works completed early.

5. Again there are many temples in the District that are renowned for their archaeological importance and beauty but no special charges could be incurred towards their repairs, etc., as the funds at their credit are too small. It is desirable that in such cases the State should bear the cost of repairs out of general revenues.

6. Inam lands endowed to the institutions whose scales of income and expenditure have been fixed were leased out as usual for a period of 5 years. The people under the influence of the temple servants demurred to bid in public auction in the first instance and when they were made to understand that the lease of the Inam lands is for the benefit of the institutions, they came forward freely to take up the lands. In some instances, however, the lands were left in the possession of the temple servants on their agreeing to pay the reserve amount.

7. A sum of Rs.585/- as detailed in the margin was receive

received as endowment fund during the year under report.

Chennakesavaswami temple at Belur. Rs.500 Venkataramanaswami temple at Malekal Tirupati.in the Arsikere Taluk. Rs.85	As all the Pudavat amounts deposited in the treasuries were intended for conducting sevas out of the annual

interest accruing from them, it was considered profitable to invest pudavat amounts in the 6½ per cent State Loan of 1920. Accordingly a sum of Rs.6739-8-0 out of the Pudavat unds was invested in the State Loan. Arrangements were being made to invest the balance available in the new 7% ~~xxx~~ Loan of 1931. The two charities for which endowments were made respectively by Mr.Kalasapur Thammaiah of Belur for the upkeep of a Chatrem and feeding arrangements and by Mr.Lakkashettygowda of Kottanghatta continued to work satisfactorily during the year.

8. All the car festivals that were conducted during the previous years were observed this year also, important among them being:-

1. Car festival of Sri Venkataramanaswami at Malekal Tirupati in the Arsikere Taluk. 2. Lakshminarasimhaswami at Holenarasipur, 3. Sri Chennakesavaswami at Belur and 4. Sri Subrahmanyaswami at Ramanathpur in connection with which the cattle show was also held. The car at Belur was in a damaged condition and the wheels of the car were got repaired for the occasion. The Bara Hazaar Santharpane at Subrahmanya in the South Kanara District was conducted as usual. As desired by Government, I was present at Subrahmanya on the occasion of the Bara Hazaar Santharpane and after studying the local conditions, I have submitted a ~~xxx~~ special report with my letter No.484/Gl.C.dated 13th May 1931 regarding the curtailment of the expenditure for the Santharpane ~~xxxx~~ and the Orders of Government in the matter are awaited.

for the maintenance of ancient monuments and prescr a form for the annual inspection of such monuments by the Sub Division Officers. The Sub Division Officers have inspected the ancient monuments in their respective Sub Divisions and their reports were forwarded to the Director of Archaeological Researches in Mysore.

10. As per Government Order ordering the determination of Muzrai balances and placing Mr. A.Mrutyunjaya Iyer on special duty for the purpose, every endeavour is being made to provide the special duty Officer with all the required information.

11. During the year under report, I checked the -- accounts of the Sri Channakesavaswamy temple at Belur. The Amildar has been directed to recover all the long outstanding arrears.

12. A register of jewels in all the Institutions of this District is being prepared.

13. In conclusion, it may be stated that the working of the Muzrai Department has been satisfactory on the whole during the year under report. As often reported, the pay and prospects of the Muzrai Gumastas has to be improved as the small allowances now being paid to them are not commensurate with the work they have to do. It is desirable that the pay of a Taluk Muzrai Gumasta should be the same as that of a Revenue Gumasta. Proposals in this connection have been sent up as called for to the Muzrai Superintendent with my letter No. 441-30/Clc. dated 16th April 1951 and the same may kindly be sanctioned early.

I have the honor to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Hassan District.

some cases the sanctioned estimates had to be revised, while some others were received sanctioned during the latter part of the year. In a few cases, the sanctioned rates being found inadequate under the present circumstances, the question of their revision is under consideration. The chatram at Nayasandra, in the Turuvekere Sub Taluk, known as Krishniengar's chatram is endowed with Inam lands by Government for its maintenance. The resumption of the Inam lands under the circumstances detailed in this office letter noted on the margin* seems necessary.
